

7th Annual

True Blue Golf Tournament

Hole Sponsorship Benefits

The 2019 True Blue annual charity golf tournament will be held on Monday, September 23 at Sawgrass Country Club. We are mindful that your company receives requests for sponsorships throughout the year from many worthwhile endeavors. This tournament, however, is unique in that it solely benefits the Navy FAMILIES stationed at Naval Base Mayport.

We are inviting prominent local firms and businesses to help us help our sailors and their families by sponsoring a hole during the tournament. This partnership will provide terrific visibility for your company as well as these benefits:

- A tee sign with your logo displayed exclusively at the tee-off area of one hole.
- Acknowledgment in the printed program that will be distributed at the Beach Club reception
- Two invitations to attend the post-golf reception at the majestic Sawgrass Beach Club

Like every military installation in the country and overseas, NS Mayport has limited resources to spend on base improvements. And unless the expenditure is directly related to defense readiness or systems, it is likely to be one of the first items cut from military appropriations. The Navy does not budget for items such as a nature or exercise trail, extra playgrounds, picnic shelters, tables, benches, grills and a fishing pier.

This is what True Blue is all about - raising funds to provide a multi-faceted recreational amenity that includes fitness, environmental education, family gathering space and passive recreation. It will also serve as a safe passage route for families and children to access school.

Your \$300 hole sponsorship will help us help them.
